

## **Brent**

My name is Brent and I do what I LOVE. I started grooming when I got my first dog, a cocker spaniel, when I was 14 years old. During high school I excelled in any class that was art and/or animal related. When I graduated high school I started to look into a career that had either art or animals. The best I could find actually combined both subjects. They lead me to pet grooming. I attended grooming school, graduated and have been since grooming for three years. In those three years Ive worked at a few different places, and out of all the places Ive worked at, Wagg Inn seems to have suited me the best. Wagg Inn has been the most rewarding place Ive worked at due to its friendly staff, good work environment, and to date – the nicest boss I’ve had. I enjoy my work greatly and hope to be here at Wagg Inn for many more years to come!
